

Panera Bread Pink Ribbon Bagels are back this October to benefit local breast cancer research and services organizations!

Here on Long Island, dollars raised will benefit Prevention Is The Cure, The Adelphi Statewide Breast Cancer Hotline and Support Program and The Breast Cancer Research Program at Cold Spring Harbor Laboratory.

What a delicious way to make a difference! Panera Bread in Nassau, Suffolk, Queens and Staten Island will provide essential support for these organizations and for Gilda's Club NYC. Groups and individuals can help by ordering Pink Ribbon Bagels for their meetings, their families and their friends now through October 31st.
